#thisisesporao

Today, at the Agroln Conference, Vida Rural, a publication that specialises in agribusiness, presented Esporão with the award ‘Agricultural Company with Impact’. The distinction highlights the work developed in the field of sustainability, the central theme of this year’s Vida Rural 2018 Awards.

The [optimal management of natural resources](#) and sustainable [agricultural practises](#) upheld by Esporão have enabled the company to implement organic production methods in its entire agricultural area over the past ten years, currently making it the largest area of organic vineyards in Portugal. This work has drawn critical acclaim and led to three awards received this year alone, attributed by the leading specialised media. The award ‘Agricultural Company with Impact’ now joins the ‘Viticulture’ distinction, received from the specialised publication Vinho Grandes Escolhas and the award “Innovation/Investigation 2017” from the specialised magazine Revista de Vinhos.
